

Quick Start Guide

IntelliGo i3 CGMS + IntelliGo Share Web Portal

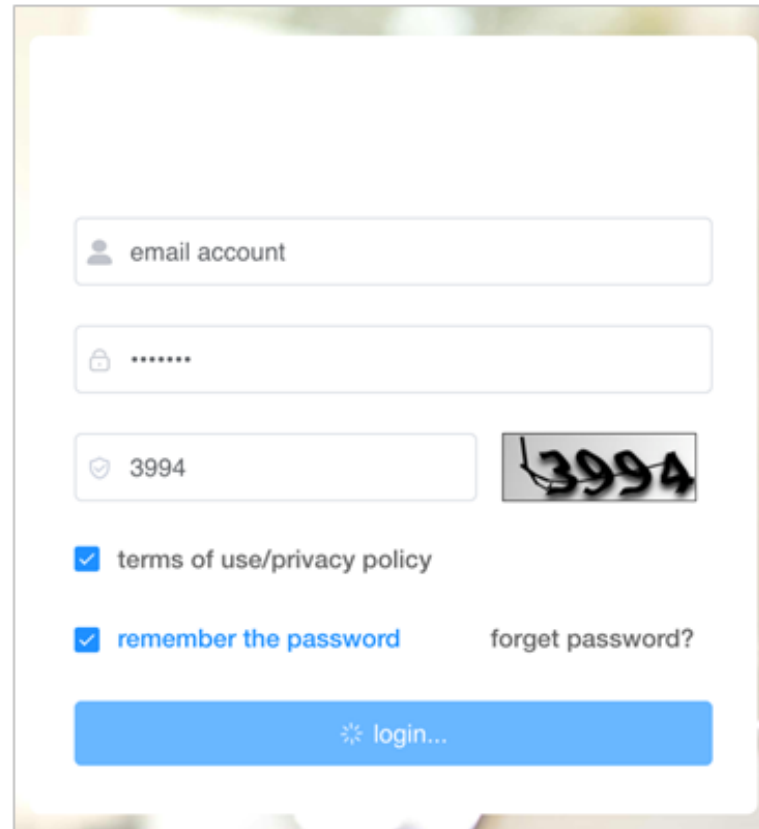

Enter Email Address

Enter Password

Log in

Login the webportal using the email account and password as registered in GN-Share App.

www.intelligofreeportal.com

The screenshot shows a login form with the following elements:

- An input field for the email account, containing the text "email account".
- A password input field with masked characters "*****".
- A security code input field containing "3994", with a corresponding image of a security code "3994" to its right.
- Two checked checkboxes: "terms of use/privacy policy" and "remember the password".
- A link for "forget password?".
- A blue "login..." button.

Choose your language.

Upload data via GN-share app, login the Glunovo Share Web Portal to see reports.

There are four types of reports

Home page (overview): Time In Range, Average Glucose, Low Glucose Events.

Overlay: CGM reading curves of 7 days.

Quartile: Trend analysis for the glucose profile over several days.

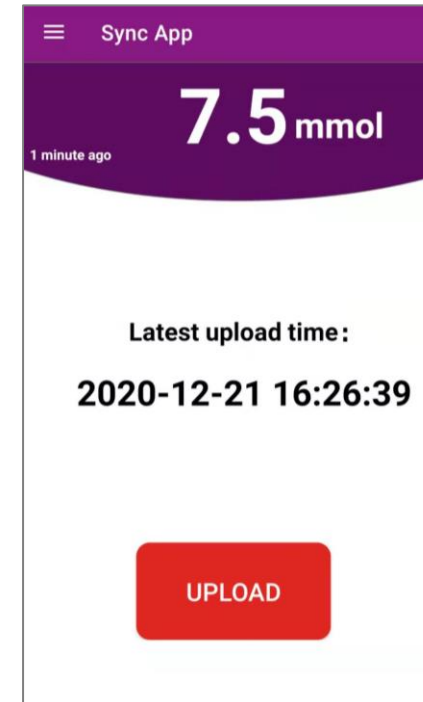

DailyLog: Detailed CGM records of a certain date.

Events: records including BG, calibration, insulin, medicine, carb, sport.

You can check your low/high limits in Settings and change the display low/high limits.

You can check the follow request from a doctor in Message.

Note: Refer to the detail instructions for reading the reports.

Apply for an HCP (doctor's account) by contacting

1. send email to ch.damianou@intelligofree.com to apply for a doctor account.

2. intelliGO will send the account (as applicant's email) and default password to the doctor.

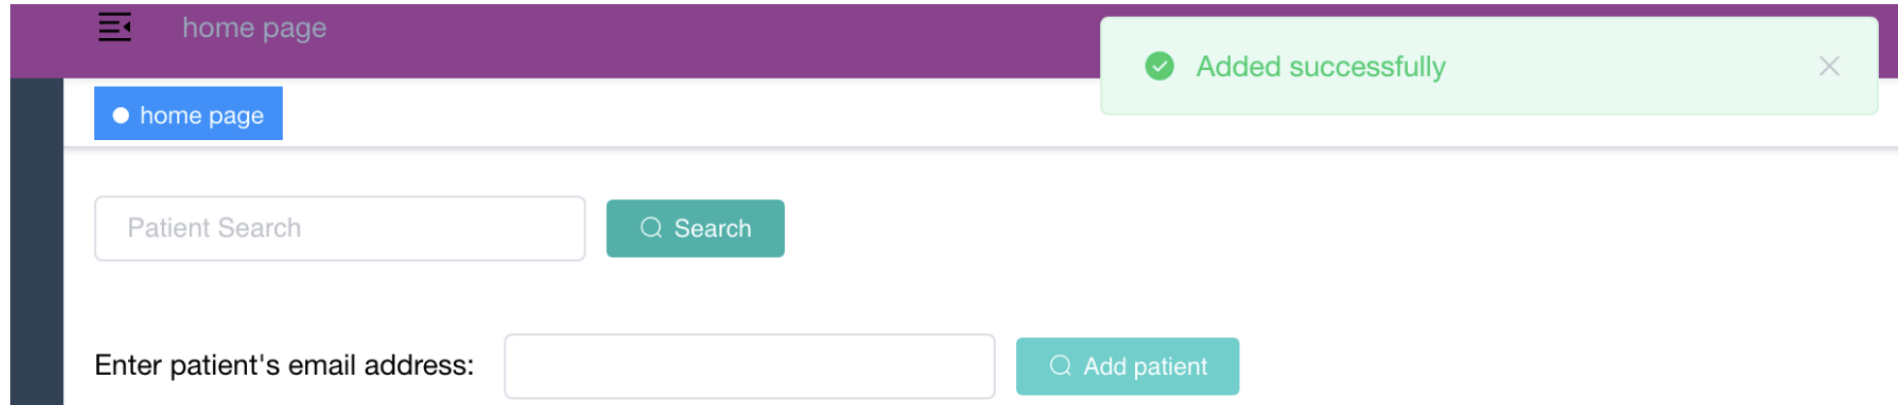

3. Log in portal and change password.

www.intelligofreeportal.com

The screenshot displays the login interface for the intelliGO portal. It features a white background with a thin gold border. At the top, there is a header area. Below it, the login form consists of several elements: a text input field for 'account email' with a person icon on the left; a password input field with a lock icon and a series of dots for the password; a text input field for 'verification code' with a shield icon on the left, and a small image of a handwritten code 'BNCN' to its right; two checkboxes, both checked, labeled 'terms of use/privacy policy' and 'remember the password'; and a prominent blue 'Log in' button at the bottom.

Enter the patient's email address (account)

The screenshot shows a web application interface with a purple header bar containing a menu icon and the text "home page". A green notification box in the top right corner displays a checkmark and the text "Added successfully" with a close button. Below the header, a blue button labeled "home page" is visible. The main content area features a "Patient Search" input field with a magnifying glass icon and a green "Search" button. Below this, there is a label "Enter patient's email address:" followed by an empty input field and a green "Add patient" button with a magnifying glass icon.

Click “add patient” to send a follow request

First Name	Last Name	Email	Status	Operation Date	Operation
Eva	Eva		Approving	2020-12-17 09:58:05	

for example, the patient's account is maria@yahoo.com, the doctor account is doctor@hotmail.com
after adding, the patient's email is shown in the patient list, status "Approving"

Patient agrees to the request in "message" menu" in portal

First Name	Last Name	Email	Status	Operation Date	Operation
Renex	Cao	cxrenault@163.com	Approving	2020-12-17 09:58:05	Agree Refuse

The patient clicks “agree” to confirm the doctor’s follow request

HCP (doctor) will be able to see patient in the patient list after the request is confirmed
Click on each patient to view data

1. the status of the patient is now "approved"

First Name	Last Name	Email	Status	Operation Date	Operation
Eva	Eva		Approved	2020-12-17 09:58:05	View

2. click "view" to see reports

[Overview](#) [Quartile](#) [Overlay](#) [DailyLog](#)

3. set the time in the selection box, switch between reports, click "pdf" to save each report as pdf.
